Run your hand gently along different **surfaces**.

How do they feel? Rough? Smooth? Cold?

Warm? Bumpy?

Can you think of other words to describe the textures of the materials you are feeling?

A collection of five geometric shapes arranged in a cluster. At the top left is a rounded rectangle. To its right is a parallelogram. Below the rounded rectangle is a diamond shape. At the bottom left is a right-angled triangle. At the bottom right is an oval. All shapes are outlined in black and are empty, intended for drawing or writing.

## Where is this place?

---

Stand in a space. Relax. Breathe in. Breathe out slowly. Look slowly to the right and left. Do not look at anything in particular. Do it again and again and again. Where does your eye want to stop? What creates an interesting focus? **What are the Focal Points in the space?**
